

MANAGEMENT TRAINING PROGRAMME

WHAT IS IT?

The Management Training Programme is a 12 – 24 month programme that covers a variety of different disciplines and business areas. We're looking for applicants for Operational, Commercial & Engineering roles

WHY MFG?

As MAT Foundry Group rapidly expands on a global scale, we want the best and brightest to be a part of our strategy and help deliver our business goals. You could become part of a diverse portfolio of industry leading casting companies and help to shape the future of the automotive industry.

WHY THIS PROGRAMME?

The programme will fast track your career in a global business and you will receive an intensive training programme, tailored to your potential career path. A Mentor will also be assigned to you, to help offer guidance and support through the programme.

WHERE WILL I BE BASED?

The programme does not have any set location across the MAT facilities and secondment to different parts of the group, will be integral to successful completion. One of our previous MT graduates worked in five different facilities in four different countries, over the space of a single year.

HOW DO I APPLY?

You can apply and find out more information about the programme at www.matfoundrygroup.com/careers
